

## PROVIDER DIRECTORY - 04/18/25

# VERMONT

This Provider Directory is provided by Coventry Workers' Comp Services to present to you information on hospitals, physicians and other providers who have agreed to provide their usual services to you at specially contracted rates of payment. All decisions about the type of care you receive are the responsibility of you and the physician whom you select. The quality and results of the care provided are the responsibility of the physician. Some health services may be provided by resident physicians under the supervision of the listed physicians. While Coventry Workers' Comp Services make every effort to maintain accurate and up-to-date information, we cannot be responsible for any omissions or errors after publication. Please confirm provider participation prior to your visit.

**IF EMERGENCY MEDICAL CARE IS NEEDED:** Call 911, fire or police whenever emergency medical care is needed. This directory is **NOT** intended to identify emergency medical providers.

The following pages are a directory of physicians and medical facilities for your use in obtaining workers' compensation medical care. The physicians and medical facilities listed in this directory are independent contractors and are not the agents or employees of Coventry. The information identifying physicians and medical facilities is intended to assist you in directing the medical care of employees who have injuries or illnesses covered by the workers' compensation system in accordance with state law.

We have endeavored to make the following information complete and accurate as of the date this directory is published. However, the status of providers changes, and new providers join our network.
